THE ORGANIZATION

IDENTITY

SCC is a dynamic, Cambodian faith-based organization that has played a major role in the fight against HIV/AIDS. Through the Loving-kindness, Compassion, Sympathetic Joy, Equanimity, commitment and dedication of a team of Buddhist monks, nuns, staff, volunteers and generous supporters, SCC has been able to improve the lives of many people infected with and affected by HIV/AIDS, particularly the poorest and least fortunate families, especially children, either orphaned or adversely affected by HIV/AIDS.

VALUES

SCC is guided in all its actions and by its core values, which are solidarity, spirituality, compassion, human rights, good governance, and democracy and rule of law.

VISION

A Cambodian Society where, all Cambodian people live with good health, freedom, dignity and prosperity.

MISSION

SCC commits to develop capacity and sustainable community mechanisms through faith-based networks and other stakeholders to reduce vulnerability, and to prosper livelihood, health and children's rights to education.

GOAL

SCC will have a significant contribution to achieve the national strategic plan by intensifying vulnerable families' and children's equitable accesses to health service and education.

1. CBE SCHOOL BACKGROUND

Children’s Basic Education (CBE) School is one of SCC’s projects which is located in Veal Village, Kok Chak Commune, Siem Reap Municipality, Siem Reap Province, Cambodia. It is around 1km west of Angkor Wat Temple, approximately 3km from Siem Reap International Airport and across from the big white Angkor Hot Air Balloon.

CBE School was founded in 2010 by **Mr. Prum Thoeun** and **Christine** and **Doug Frewer**, a generous Australian couple. During Christine and Doug’s had the first trip to Cambodia, and they were introduced to SCC by Timothy, their son who had been working in Cambodia and Lao of his first research.

The name of the school was changed from “CBE Angkor” to “CBE Christine” after SCC management discussion. Why is it called CBE Christine? It was because of SCC aimed at dedicating this name to **Christine** who passed away from breast cancer in 2014. Doug Frewer has also done significant job in introducing and fundraising for SCC and the school in Australia, where the school goes by the name **CBE-Bush School**.

2. SCHOOL MANAGEMENT

2.1. School Structure

CBE-Christine has been teaching standards follow the Ministry of Education, Youth and Sport of the Kingdom of Cambodia to follow up the study and further strengthen knowledge of students enrolled in state schools.

SCC-CBE Christine staff is made up of 10 committed staff members (2 males and 8 females) working together to provide the best education and support to the students. Below is a breakdown of the roles and responsibilities of each of our staff members.

TOTAL				40	63	103 students

3.2. Quality of students learning (Result of students' learning)

☞ The Final Term Exam Results

- **The Measurement of students' daily study**
- **Points that need to be further enhanced.** We measured this through applying *five criteria: Test/Quizzes, Class Participation, Homework completion, Attitude or Behavior, and attendance*. Regarding these criteria, SCC-CBE School has set up a rating system with five levels: *Need improvement, Good, and Very Good*. We are using this system to measure the students' ability while taking their exam. Indeed, the results showed that almost all students got *satisfactory and good* regarding the rating system.

⇒ *No any classes have been taught since 20th February 2021 because of outbreak of Covid-19 in Siem Reap. So we extend all programs until everything gets back to normal.*

4. OTHER SUPPORTING AND LEARNING ACTIVITIES

4.1. Computer Course

After the new library was repair and all the books were moved from the old room and left for that room to teach students to get more on computer skills. Previously, the new library space

was not completed, we taught computers in the library room due to the small sized of the integrated space, so we need a separate place to make it easier for students to read books without disturb from others. Establishing a new library at the new place would not have been possible without the financial support of all people, especially the tourists who have visited Angkor Wat and all of our volunteers. There were 6 computers lab in our school, all of which were supported by a generous who visited CBE School.

This additional class just creates to straighten new skill up for our kids. *Meng Hong* was our former student who used to learn English here has applied to be a part-time PC teacher. He teaches only an hour per day.

4.2. Sport Activities

While many subjects at school were taught primarily in the classroom, sports and physical education provide a great opportunity for children to head outside, get active, and focus on developing different skills.

The benefits of sports in education are vast, and they aren't just physical benefits. This article explores how sport positively impacts students in their academic progression and beyond. The importance of sport in Education was posted by Nord Anglia Education on 01 May 2020 mentioned the benefits of sport are many, but here just focus on four types: 1. Stay Fit and Healthy 2. Reduce Stress 3. Improve Sleep 4. **Discipline and Perseverance.**

SCC-CBE Christine also offers students additional support facilitates and coaching. The main sports include volleyball, football and tennis. The students are also provided practical education on hygiene.

⇒ We haven't had any match since 20th February 2021 because of out-break of Covid-19 in Siem Reap province. So we extend all programs until everything gets back to normal.

4.3. Supplementary Food – Breakfast, Lunch & Drinking Water

We observed and considered that many students weren't getting enough food at home and may still be hungry when they arrive at school. We wanted to address this concern by seeking funding to support nutritious meals. Our donors Doug Frewer and Petra continue to work hard at raising funds to support these meals being provided regularly.

We have managed to raise enough funds to provide meals two days a week and fresh fruit on the other three days. We have also managed to provide clean drinking water to the children every day. As part of the CBE-Christine staff, we have a cook who provides different meals each week. For example: Chicken/pork/or fish porridge, Spicy Khmer Style Soup, Korkor Soup, Vegetable soup with meat and steamed rice, Stir fried food/Omelets, Fried fish, vegetables and sauce, Omelets with rice/ toast, and Noodles soup with vegetables and beef, etc.

4.4. SCC-CBE Christine Scholarship Students

The first scholarship project started in 2015 with a female student, **Pok Kim San**, who is living in Banteay Chhuer Village, Tek Vel Commune, Siem Reap District, Siem Reap Province. Up to now we have got **10** different students who are studying at state schools and are all past or current CBE-Christine students. Here is the list of all 10 scholarship students from 2015 to 2021 as below:

5.4 Special Donation

On 20 May 2021 CBE School Supervisor, Mrs. Chan Savorn and staffs had prepared 20 packages for 20 poor student’s families in community who are facing food insecurity during Covid-19 pandemic. During organizing this activity, we all adhere to the guidelines of Cambodia Ministry of Health to prevent the spread of Covid-19, therefore, our team very careful to arrange a place for them who came to receive nutrition support, sit at a distance from each other, moreover before entering the school have to checking temperature, spraying disinfection alcohol, and wearing a mask consistently. In that too each family received Rice 35 Kilogram, 10 cans of canned fish, 1/2 liter of disinfection alcohol and 1 box of face mask. These charitable supported by Protectkids Kambodscha, a leader Regina and Michael from Germany.

In addition, there were a number of philanthropists provided additional funding for the SCC-CBE Christine School for using in the school, we got 225 USD of generous supported to purchase the materials such as:

1. Fixing the roof of SCC-CBE School

2. Buy a pipe with 30 meters
3. Buy a new motor pump to get clean water

SCC-CBE Students and their families received the nutrition support at CBE School on 13 May 2021

The received people express their feeling that *“These gifts were absolutely helpful and they thanked to the sponsor who donated these nutrition during outbreak of Covid-19”*.

5.5 Fixing Kitchen Roofs

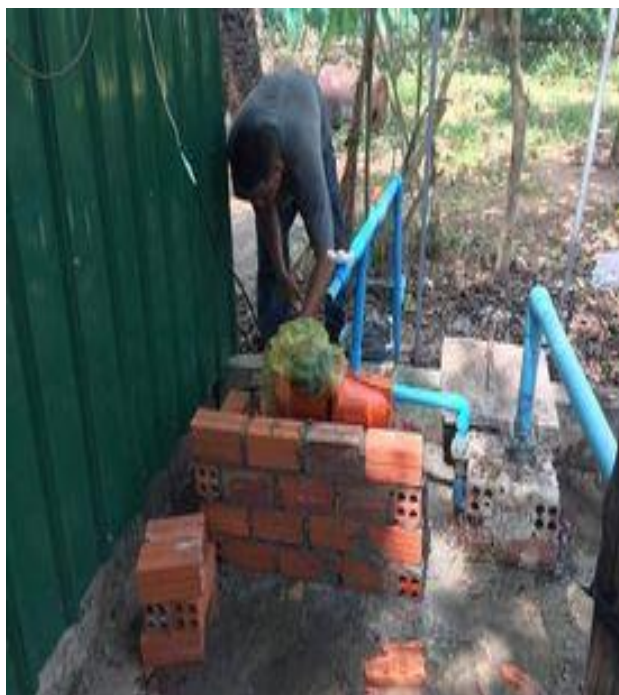

During this rainy season some huts and kitchen roofs were leaking because the zincs were old and some were damaged. Due to the Covid-19 disease spread up and no tourist visit our school, otherwise we difficult to raise money repair all. Therefore our staff decide to buy the new zincs repair the place were leaking. We got 50 USD for fixing these stuffs.

SCC-SBE staff removed the old zinc of the roof in the kitchen building instead the new one on June 2021

6. ABOUT VISITORS VISITED SCC-CBE CHRISTINE

During this quarter (April-June 2021) we haven't had any visitors visit our school yet.

7. QUARTER IN REVIEW

7.1. Challenges & Issues

1. Land for planting vegetables not good at all.
2. Apsara is still a big challenging for any kinds of construction.
3. Electricity is cut off quite often. We didn't get electricity directly from the public service. School was served by private one because we don't have land certificate and this case just only the land owner could help.
4. The worst issue ever is Covid-19 pandemic that had out-break quite often since 2020 up to now.
5. Middle Class and Kindergarten's classes were leaking.

7.2. Solving Problem

1. Sewing class was already fixed.
2. Replant new plants and vegetables.
3. Kitchen and huts were already fixed up.

7.3. Lessons Learnt

We created the health care lessons for our kids once per week such as:

- a. Self-protection from Covid-19 by using masks, alcohol, stay in between 1.5 m, wash hands often etc.

- b. Malaria, Typhoid, or dengue fever.

7.4. Next Plans

1. Make CBE-Christine Team T-shirt
2. Rearrange the English Class
3. Request 4 year budgets for other 3 University Students. (TEP NET/HENG CHENDA/PHOUHEY SOPHY)

7.5. Case Study

Mr. So Chea is a student of SCC-CBE since 2015. He didn't study much at state school. He did only in grade 2 in the primary school, then he quit because he has stroke and bad sickness that he can't move all over his body and his eyes one side also blind. His mum brought him to CBE School and asked for help from teacher, if possible her son could enroll at this school.

SCC-CBE Christine school supervisor accepted and allowed him to study at CBE-School for the first level since that time. Up to now, So Chea can write and remember some letters, moreover he can read English step by step not only that he can sing a song in English beautifully. So Chea added *“Beside of learning time, I have a small business is selling nuts to support my big family. I don't want to be free and get nothing. I like to do something as possible I can to help my family. I pick the cans or bottles, sell nuts or sing a song in the same time if customers requested”*. Recently, So Chea has a sponsor started supporting him

Ms. Chan Savorn, the school supervisor brought the donation given to student So Chea at SCC-SBE

50 USD every month through SCC. He very much thanks to **Steve Holley** who has helped in appropriate time. He really excited, because this amount of money he can buy monthly nutrition for daily needs.
